Dear members of UK TELECOM, February 2010

We are delighted to be celebrating our **NINTH BIRTHDAY**, **NINE** successful years thanks to you our **60,000** members for all of your support during the past **NINE YEARS**. To thank you for your tremendous loyalty we are giving a birthday present of **NINE EUROS** for each new introduction to our services. That is a **BONUS** of **4·50 EUROS** to the introducer, and **4·50 EUROS** to the new member, off the next invoice. This is worth more than **2½ FREE HOURS** of calls to U.K. landlines on Saturdays. The offer ends on 31st March 2010, so for every **10** introductions there is **25 FREE HOURS** and for **100** introductions there is **250 FREE HOURS!**
We would like to remind you of the **money saving advantages** which can be enjoyed in 2010 with our preselection service which automatically dials our 1052 prefix for you. It stops your calls going via the expensive Telefónica route if your family, friends and houseguests forget to dial the prefix when they use your phone to call home. To apply for this service, please send us the **1st page** of your latest Telefónica invoice with your signature on it, and we will make all of the arrangements for you. If you do not have invoices from them, let us know and we will arrange for future ones to be sent to you.

A word of warning about a telephone company which is "offering" a preselection service for a cost of 10 Euros - with us it is **FREE !** For 10 Euros you can use our service to call U.K. landlines for almost 6 hours on Saturdays.

Our new mobile phone service offers SIM cards for your Spanish Mobile phone enabling you to **call U.K. landlines from only 4·8 cts./min. and Spanish numbers from only 5 cts./min.** A connection fee and IVA is added to these rates. Full details are available either on our website www.uk-tele.com. or call us on **971 556 556 and 966 497 779.**
Our introductory bonus is now also given for recommendations to our mobile service as well as to our landline service.

We have recently introduced a new Hotline service for technical and general help for all enquiries. The number is **807 317 317** and the service is available from 9am to 5pm Mondays to Fridays (74cts./min. + IVA + connection fee).

Please remember that in the event of connection problems if your number is preselected or when 1052 is used, the 1051 prefix is available to you.

Our PREPAGO **facility** gives a further discount of nearly **20%** enabling you to call U.K. and many other European landlines for **only 3·9 cts./min. (+ IVA)** at any time, charged by **the second from the first second** of the call. On Saturdays it is even less, at **only 2·9 cts./min. (+IVA).** For full details call us on **971 58 18 28** or **966 497 779** between 9am and 5pm Mondays to Fridays.

Our **11841** enquiry service can help you between **9am and 5pm** Mondays to Fridays with worldwide phone numbers and also details of all services (doctors etc.)There is an initial cost of 160 cts. which covers the first minute, and thereafter 100 cts./min. charged by the second.

Best wishes,
John Woodford, Managing Director UK TELECOM
