

UK TELECOM

The NUMBER ONE in Spain

Dear Members of UK TELECOM,

March 2012

the sun is smiling, the sky is blue and it is getting warmer: Spring is around the corner!

And it will also be spring for our UK TELECOM members, because we are extending our **SUPER-SAVER-CAMPAIGN** until **March 31st 2012! Why?** Because of the great success. Hundreds of members have taken part in this campaign; **they are turning it into a sport.**

Klaus W. from Torre Vieja (Costa Blanca) succeeded in reducing his phone bill to Zero cent. In the first two months of 2012 he referred **11 new members!**

There are already almost **65.000** people who each and every day say: **I call UK TELECOM and save money.** Help us find more people, so they also can **save up to 90% of their phone bills.** For each successful referral of a friend, relative, neighbour or colleague we will credit **5 Euros** to your bill. For that amount you can make phone calls for almost three hours free of charge. The best is: the new member will also **receive a bonus of 5 Euros** when he changes to the biggest private British phone company in Spain. Good Luck! This **SUPER-SAVER-CAMPAIGN** ends **March 31st 2012!**

Your Advantages:
